You enter the home to vaulted ceilings, a formal dining room with updated lighting and crown molding, and a convenient cut through to the kitchen. Just across from the dining room is a stunning office with custom built-ins. This room would also make a great guest space, as there is an adjacent full bathroom on the lower level. As you step past the staircase, you will begin to catch the views! The spacious family room offers a gas fireplace, stone accent wall and a French door that will bring you out to the back patio. The family room is open to the breakfast nook, and spacious kitchen. The kitchen offers hard wood cabinets, raw edge countertops, updated appliances and a large double door pantry. Opposite the kitchen is a master retreat with a large bay of windows overlooking the backyard and hill country views, as well as a door that allows you to enter the patio. The master bath has double vanities, a soaking tub, multi head shower and a walk-in closet, complete with custom built ins! Walk outside and you will find an outdoor oasis! A built in bbq, fireplace, surround sound, cabana, saltwater pool with a waterfall and hot tub, a majestic oak tree and

more! Upstairs is a large game room with a wet bar, gas fireplace, custom built in murphy bed, and a half bath. The French doors off the game room bring you to a large balcony, with you guessed it, even more huge views! A perfect place for stargazing in Jonestown’s dark skies.
